

ONLINE SUPPLEMENTARY APPENDIX

Webtable 1: Survey facilities random sampling

Delhi, also known as the National Capital Territory (NCT) of Delhi, is divided into total 11 districts namely New Delhi, North Delhi, North West Delhi, West Delhi, South West Delhi, South Delhi, South East Delhi, Central Delhi, North East Delhi, Shahdara, and East Delhi. Out of these 11 districts, we selected a systematic random sample of eight survey districts. In each of the selected districts, a public sector hospital was selected as ‘survey anchor’ (mentioned below).

List of the survey districts and public-sector ‘survey anchor’ hospital facilities		
	Survey districts	Public-sector survey anchor hospital facilities (location)
1	New Delhi	Ram Manohar Lohia hospital (President's Estate)
2	East Delhi	Lal Bahadur Shastri hospital (Khichripur)
3	North West Delhi	Dr. Baba Saheb Ambedkar hospital (Rohini)
4	West Delhi	Acharya Shree Bhikshu hospital (Moti Nagar)
5	South Delhi	Madan Mohan Malviya hospital (Malviya Nagar)
6	South West Delhi	Rao Tula Ram Memorial hospital (Jaffarpur Kalan)
7	Central Delhi	Govind Ballabh Pant hospital (Jawaharlal Nehru Marg)
8	North East Delhi	Jag Pravesh Chandra hospital (Shastri park)

Note: The list of all the district-specific public-sector hospitals in Delhi state (sampling pool) was obtained from the Government of Delhi website¹

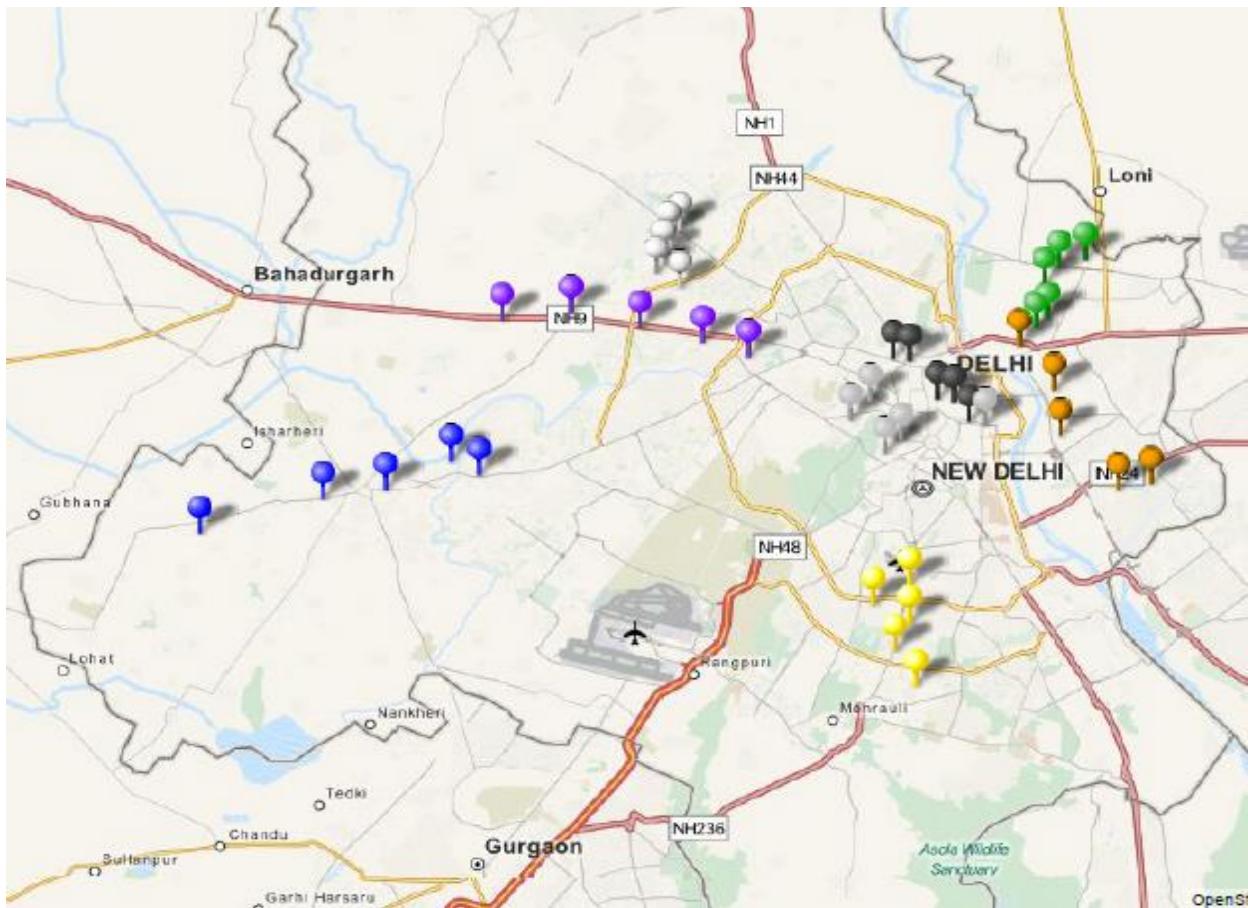

Figure: Map indicates the surveyed private-sector retail pharmacies (colored pins) in each of the eight districts. This map is generated based on the GPS coordinates collected at the site of surveyed retail pharmacy. The dark gray outline roughly marks the borders of the Delhi state, India.

Webtable 2. Public-sector insulin procurement prices (USD)

Insulin	Procurement price per 100 IU 10 ml vial (USD)	Health department (year)	Price source
Soluble insulin; 40 IU/ml	2.3922	Government of NCT of Delhi 2014	Colleagues at local university
Soluble insulin; 40 IU/ml	1.8961	Government of NCT of Delhi 2013	Colleagues at local university
Soluble insulin; 40 IU/ml	2.4927	Municipal Corporation of Delhi (MCD) 2013	Colleagues at local university
Soluble insulin (Human insulin R); 40 IU/ml	2.5371	Municipal Corporation of Delhi 2013	MCD Price booklet
Soluble insulin (Human insulin R); 40 IU/ml	2.3298	Government of NCT of Delhi 2013	Lok Nayak hospital e-tender
Soluble insulin (Human insulin R) 100 IU/ml	2.2874	Government of NCT of Delhi 2013	Lok Nayak hospital e-tender
Biphasic isophane 30/70 insulin; 40 IU/ml	2.3923	Government of NCT of Delhi 2014	Colleagues at local university
Biphasic isophane 30/70 insulin; 40 IU/ml	2.3923	Government of NCT of Delhi 2014	Colleagues at local university
Biphasic isophane 30/70 insulin; 40 IU/ml	2.4927	Municipal Corporation of Delhi 2013	MCD Price booklet
Biphasic isophane 30/70 insulin; 40 IU/ml	2.3298	Government of NCT of Delhi 2013	Lok Nayak hospital e-tender
Biphasic isophane 30/70 insulin; 40 IU/ml	3.0257	Government of NCT of Delhi 2013	Baba Saheb Ambedkar hospital online documents
Human insulin 50/50; 40 IU/ml	2.0776	Central government (2013)	Colleagues at local university
Human insulin 50/50; 100 IU/ml	14.8244	Central government (2013)	Central government rate contract - 138
Public-sector procurement prices refer to the price at which the government or public-sector hospitals procured insulin. We obtained these prices from colleagues at a local university and also performed web searches to find public-sector medicine procurement and rate contract documents uploaded on governments' and hospitals' websites.			

Webtable 3: List of insulin listed in 2013 Delhi's essential medicine list

Insulin molecule	Strength
Insulin Soluble (Human)	40 IU/ml
Insulin NPH (Human)	40 IU/ml
Insulin Premixed (Human) 30%/70%	40 IU/ml
Insulin Premixed (Human) 30%/70%	100 IU/ml
Insulin Glargine (Human)	100 IU/ml
Insulin Lispro / Apart / Inj. Glulisine	100 IU/ml

Webtable 4. Availability of insulin in retail pharmacies in Delhi state by type, delivery device and place of company's corporate headquarters

Insulin type and delivery device	Place of company's corporate headquarters			Percent availability (n)
	Indian	Foreign	Combined (both Indian and foreign)	
Human insulin (All molecules)	25.0% (10)	90.0% (36)	90.0% (36/40)	
Vial	40 IU/ml	20.0% (8)	77.5% (31)	77.5% (31)
	100 IU/ml	0.0% (0)	15.0% (6)	15.0% (6)
Cartridge	40 IU/ml	0.0% (0)	2.5% (1)	2.5% (1)
	100 IU/ml	7.5% (2)	25.0% (9)	25.0% (9)
Pen	40 IU/ml	0.0% (0)	0.0% (0)	0.0% (0)
	100 IU/ml	0.0% (0)	22.5% (4)	22.5% (4)
<hr/>				
Analogue insulin (All molecules)	5.0% (2/40)	32.5% (13/40)	32.5% (13)	
Vial	40 IU/ml	0.0% (0)	0.0% (0)	0.0% (0)
	100 IU/ml	0.0% (0)	0.0% (0)	0.0% (0)
Cartridge	40 IU/ml	0.0% (0)	0.0% (0)	0.0% (0)
	100 IU/ml	5.0% (2)	17.5% (7)	17.5% (7)
Pen	40 IU/ml	0.0% (0)	0.0% (0)	0.0% (0)
	100 IU/ml	0.0% (0)	22.5% (9)	22.5% (9)

Webtable 5: Occurrence of insulin (any brand or company) in the private-sector market in Delhi state, India				
Insulin type	Molecule description	Strength	Brand (company)	Occurrence
Human insulin	Soluble insulin	40 IU/ml*	Actrapid HM (Novo Nordisk)	40.0% (16)
			Huminsulin NPH (Lilly)	7.5% (3)
			Huminsulin R (Lilly)	7.5% (3)

Insulin lispro biphasic injection: 25% insulin lispro 75% lispro protamine	100 IU/ml	Humalog Mix 25 (Lilly)	12.5% (5)				
Insulin lispro biphasic injection: 50% insulin lispro 50% lispro protamine	100 IU/ml	Humalog Mix 50 (Lilly)	12.5% (5)				
Mean availability of human insulins listed on 2013 Delhi essential medicine list							
Mean availability of analogue insulin listed on 2013 Delhi essential medicine list							
* Insulins listed on the 2013 Delhi essential medicines list							

Webtable 6. Median consumer prices (US dollars) of 10 ml 100IU/ml insulin, by place of company's corporate headquarters and combined

	Combined (company of any origin) Median consumer price (1)	Indian company Median consumer price (2)	Foreign company Median consumer price (3)	p-value (4)
Human insulin				
Vial	USD 5.6	USD 5.6	USD 6.2	0.0840*
Cartridge	USD 11.2	USD 8.1	USD 11.7	0.4467
Pen	USD 18.5	#	USD 18.5	--
Analogue insulin				
Vial	#	#	#	--
Cartridge	USD 24.9	USD 26.4	USD 24.5	0.6394
Pen	USD 32.8	#	USD 70.1	

Webtable 7: Affordability of insulin in Delhi state, India

	Median unit 100 IU 10ml vial cost (overall: company of any origin)	Per capita cost of monthly insulin supply (~ 1.2 vials or 1200 IU)	Ratio (monthly per capita insulin cost compared to India's per capita monthly health spending)	Number of days per month an unskilled lowest worker will have to work to pay for his or child's (Type 1 diabetes) monthly insulin supply
Human Vial	Rs. 350.0 USD 5.6	Rs. 420.0 USD 6.78	1.15	1.47
Human Cartridge	Rs. 693.3 USD 11.2	Rs. 831.96 USD 13.43	2.28	2.92
Human Pen	Rs. 1145.0 USD 18.5	Rs. 1374.00 USD 22.17	3.76	4.82
Analogue Vial	#			
Analogue Cartridge	Rs. 1546.7 USD 24.96	Rs. 1856.04 USD 29.95	5.08	6.51
Analogue Pen	Rs. 2033.0 USD 32.8	Rs. 2439.6 USD 39.37	6.68	8.56

The prices (collected in Indian Rupees) of all survey insulin products with variable pack sizes (milliliters) and strength were adjusted to 10 ml 100 IU/ml pack for purpose of comparisons. Per capita monthly insulin need is calculated based on WHO daily defined dose of 40 IU/day. The wage of a lowest paid unskilled worker during the time of survey was Rs. 8554 per month (i.e. daily wage of Rs. 285.1).² The 2013 annual per capita health expenditure (both public and private sectors combined) was USD 69.0 (Rs. 4,275.9) i.e. monthly USD 5.74 (Rs. 365.33).³

Webtable 8: Price components of the internationally manufactured (imported) insulin products found in the private-sector market in Delhi state

Insulin molecule [Number of products found in facility survey]	Product brand (company)	Country of Manufacture	Package form	Percentage mark-ups		
				Import to wholesale price (per ml)	Wholesale to consumer price (per ml)	Import to consumer price (per ml)
Human insulin
