

Online supplementary table 1: Checklist for evaluative SROI analysis of EmOC training in Kenya

Stage	#	Checklist item	Comment and reported where
Stage 1: Establishing the scope and identity of stakeholders	1	Have you provided background information on the intervention?	Introduction and Methods
	2	Have you explained why you are carrying out the analysis and for whom, including considering how you will communicate with them?	Introduction
	3	Have you stated whether this is an evaluation of the past or a forecast of the future?	Methods
	4	Have you stated what timescale to cover?	Methods
	5	Did you include list of your stakeholders and report on their roles?	Methods and Results
	6	Have you documented your decisions on which stakeholders are included at the start?	Results and Online supplement
	7	Have you included a plan for involving stakeholders explaining how they are involved in completing the next sections?	Results
Stage 2: Mapping outcomes	8	For each stakeholder, have you included their contribution (input) to the activity (there may be some stakeholders that do not make an input)?	Results and Online supplement
	9	Have you given the inputs a value and checked to make sure that the inputs you have recorded include whole costs of delivering the service?	Results and Online supplement
	10	Have you identified the outputs for the stakeholders?	Results and Online supplement
	11	Have you included a description of the outcomes in which stakeholders are involved?	Results and Online supplement
	12	Have you included positive and negative changes?	Results and Online supplement
	13	Have you checked to make sure there is no double counting?	Results and Online supplement
Stage 3: Evidencing outcomes and giving them a value Have	14	Have you identified indicators for the outcomes including subjective and objective indicators where appropriate?	Results and Online supplement
	15	Have you stated how long the outcome(s) last?	Results and Online supplement
	16	Have you provided the source of the information used?	Results and Online supplement
	17	For each outcome where you have not recorded one or more indicators, have you included the reason in your report?	Not applicable
	18	Have you stated the amount of change in relation to each indicator?	Results and Online supplement
	19	Have you identified a financial proxy for each outcome?	Results and Online supplement
Stage 4: Establishing impact	20	Have you provided information for deadweight in relation to each outcome?	Results and Online supplement
	21	If some deadweight can be explained by displacement, have you included an explanation on its implication in your analysis?	Not applicable
	22	Have you estimated attribution and recorded how you made the estimate?	Methods, Results and Online supplement
	23	Have you explained what happens to the outcome over time (drop-off)?	Not applicable
	24	Have you calculated impact (indicator multiplied by financial proxy minus percentages for deadweight, displacement and attribution)?	Results and Online supplement
	25	Have you calculated any drop-off?	Not applicable
Stage 5: Calculating the SROI	26	Have you selected a discount rate?	Not applicable
	27	Do you have a total value for the inputs?	Results and Online supplement
	28	Have you calculated: a) social return ratio, b) net social return ratio, c) payback period?	Results and Online supplement
	29	Have you checked the sensitivity of your result for amounts of change, financial proxies, and measures of additionality?	Results
	30	Have you explained the implication of the calculated SROI ratio?	Results and Discussion
