

Correction: scaling up quality improvement intervention for perinatal care in Nepal (NePeriQIP); study protocol of a cluster randomised trial

KC A, Bergström A, Chaulagain D, *et al.* Scaling up quality improvement intervention for perinatal care in Nepal (NePeriQIP); study protocol of a cluster randomised trial. *BMJ Glob Health* 2017;2:e000497.

The authors want to alert the readers on the updated statement under the Contributors section.

Contributors: AK and MM conceptualised the study and AB, UE, DC, OB and JW contributed to the development of study design. BL, PS, AP, AsP and CS validated feasibility and acceptability of the study design after initial development. AG, HL, PE, EG, LE and CL made additions and changes to data collection development. AK and MM drafted the first draft of the manuscript. All authors read and approved of the final version.
