| 12 weeks of pregnancy (enrolment) | Mother | Type of supplement taken (weekly iron, intermittent iron)¹  
Past pregnancies (primigravida, multigravida)  
Age (years)  
Weight (kg) ²  
Height (cm) ²  
Body Mass Index (kg/m²)  
Mid-Upper Arm Circumference (cm)³  
Highest education (primary, secondary, university/college)  
Employment (farmer/housewife, factory worker/trader, government official/clerk) |
| 32 weeks of pregnancy | Mother | Ferritin (µg/L) (log base e transformed)  
Haemoglobin (g/L)  
Weight (kg) ²  
Weekly weight gain between enrolment and third trimester weight (kilograms) |
| 32 weeks of pregnancy | Infant | Sex (male, female)  
Weight (grams)  
Gestational age (weeks) |
| Birth              | Infant | Sex (male, female)  
Weight (grams)  
Gestational age (weeks) |
| 6 weeks post-birth³ | Infant | Length (cm) ³  
Length-for-age z-score ³  
Stunting (yes, no) ³ |
| 6 months post-birth | Mother | Weight (kg) ³  
Body Mass Index (kg/m²)  
Fever last 2 weeks (yes, no)  
Haemoglobin (g/L) ³ |
| 6 months post-birth | Infant | Length (cm) ³  
Length-for-age z-score ³  
Stunting (yes, no) ³ |
| 12 months post-birth | Mother | Wealth index quintiles (poorest, poor, middle, rich, richest)¹  
Weight (kg) ³  
Length (cm) ³  
Body Mass Index (kg/m²)  
Highest education (primary, secondary, university/college)  
Employment (farmer/housewife, factory worker/trader, government official/clerk) |
| 12 months post-birth | Father | Weight (kg) ³  
Length (cm) ³  
Body Mass Index (kg/m²)  
Highest education (primary, secondary, university/college)  
Employment (farmer/housewife, factory worker/trader, government official/clerk) |
