

Supplementary Table 2 – median and interquartile range for measures at KNRH

Measure	Pre-lockdown (IQR)	During lockdown (IQR)	Post lockdown (IQR)
ANTENATAL SERVICES			
1. Antenatal attendances	894 (808-1035)	469 (255-579)	794 (785-802)
<i>Preventative services</i>			
2. Iron supplementation	863 (747-961)	449 (242-561)	658 (523-694)
3. Folic acid supplementation	850 (682-931)	331 (176-484)	598 (469-678)
4. Tetanus Toxoid vaccination	683 (567-819)	337 (185-473)	533 (426-656)
5. Intermittent antimalarial prophylaxis	551 (325-687)	235 (132-382)	560 (507-573)
6. Blood pressure measurement	823 (783-984)	446 (242-552)	729 (681-769)
7. HIV testing and counselling	781 (686-899)	419 (229-518)	722 (665-773)
8. Prevention of mother to child transmission services	113 (56-146)	38 (19-64)	130 (126-140)
<i>Curative services</i>			
9. Hypertension, pre-eclampsia, eclampsia	87 (8-180)	357 (179-365)	255 (147-344)
10. Bacterial infection	39 (25-53)	47 (45-48)	41 (31-50)
LABOUR AND DELIVERY			
11. Total deliveries	1869 (1791-1924)	1944 (1931-1984)	1977 (1706-2009)
12. Caesarean section rate (% deliveries)	37.8 (34.8-40.2)	41.2 (39.4-42.9)	40.2 (38.0-44.8)
13. Haemorrhage associated with delivery (combined ante- and postpartum)	72 (12-77)	102 (91-103)	86 (73-96)
14. Maternal Death rate/100,000 women	602 (354-657)	617 (482-648)	505 (406-552)
15. Stillbirth rate (% total deliveries)	4.5 (4.3-5.5)	5.5 (5.5-6.0)	5.9 (4.6-6.6)
16. Low birthweight infants (% total deliveries)	3.2 (2.7-7.2)	8.0 (7.5-10.5)	14.2 (14.0-15.0)
17. Premature infant rate (% total deliveries)*	0 (0-3.2)	13.7 (10.2-13.8)	16.5 (15.8-18.3)
CARE OF THE NEWBORN			
18. Neonatal intensive care admissions	700 (652-706)	540 (538-579)	571 (546-585)
19. Neonatal mortality rate/1000 livebirths	39.6 (34.6-50.7)	27.6 (26.9-28.2)	49.3 (44.7-52.2)
POSTNATAL CARE			

20. Women receiving postnatal care	1873 (1823-1993)	1965 (1941-2052)	1929 (1870-1985)
CHILD HEALTH SERVICES			
21. Immunisation clinic visits	5871 (5643-6094)	6781 (5488-7015)	6877 (6017-7060)
22. Treatment for pneumonia	47 (42-54)	4 (2-8)	18 (16-26)
23. Treatment for diarrhoea	78 (58-79)	52 (37-56)	56 (51-62)
24. Treatment for malaria	63 (50-72)	31 (29-43)	22 (18-24)
25. Treatment for malnutrition**	0 (0-5)	13 (9-14)	10 (9-24)
SEXUAL AND REPRODUCTIVE HEALTH SERVICES			
26. Oral contraceptive recipients	53 (23-89)	32 (23-42)	43 (36-51)
27. Injectable contraceptive recipients	84 (0-171)	86 (85-112)	212 (201-224)
28. Intrauterine devices	66 (58-154)	32 (32-39)	84 (78-86)
29. Abortions	262 (182-365)	08-305)	144 (109-169)

*Neonatal unit closed for refurbishment prior to lockdown

**long term stockout of nutritional foods during much of the year prior to lockdown
